Antenna location (NAD27): 18-16-52 / 65-40-09
Facility ID 180882

Dear Eng. Olivera:

Thank you very much for your PRCZ approval request sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that the proposed displacement application of this station is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Arecibo Observatory:.

We therefore have no objections to your proposed installation.

Sincerely yours,

Angel M. Vázquez
Spectrum Manager
