I, Peter J. McKenzie, do hereby certify that on January 24, 2002, I personally verified the alignment of the subject antenna to be an azimuth of 342 degrees with respect to true north per the request of Electronics Research, Inc. The antenna is on the radio tower located at Ames Road, Red Bud, in Randolph County, Illinois. The margin of error is less than 0.49 degrees for the given reading.
