

MULTIPLE OWNERSHIP EXHIBIT

In this application, Clear Channel Broadcasting Licenses, Inc. (“Clear Channel”) is proposing to change the community of license of Station WKGR(FM) from Ft. Pierce to Wellington, Florida. The proposed community of license, Wellington, is in Palm Beach County, which is part of the West Palm Beach-Boca Raton Arbitron Metro and thus WKGR(FM) will be geographically located in this Arbitron. WKGR(FM) is already designated “home” to the West Palm Beach-Boca Raton Arbitron Metro and thus the number of stations owned by Clear Channel in the West Palm Beach-Boca Raton Arbitron is not changing.

In the West Palm Beach-Boca Raton Arbitron Metro there are 32 commercial and noncommercial educational full-power radio stations.¹ According to the FCC’s local ownership “tiers,” in a Metro reported by BIA as having between 30 and 44 (inclusive) “home” commercial and noncommercial educational full-power radio stations, a party may have a cognizable interest in up to 7 commercial full-power radio stations, not more than 4 of which are in the same service (AM or FM). Clear Channel’s existing combination of stations in this Arbitron (which already includes WKGR and is not altered by the instant application) comprises 5 FM and 2 AM stations, which exceeds by one FM station the limits set forth in 47 C.F.R. Section 73.3555. However, in the *Report and Order* implementing the new ownership rules, the Commission recognized that “there may be some existing combinations of broadcast stations that exceed the new ownership limits,” but that “we are persuaded by the record to grandfather existing combinations of radio stations.”² Therefore, Clear Channel’s combination in the West Palm Beach-Boca Raton Arbitron Metro is grandfathered and this application can be granted without divestiture.

The grandfathered status of existing combinations is not altered when one station in such combination files a minor change application to change community of license. More specifically, pursuant to Section §73.3555, n. 4, “paragraphs (a) through (c) will apply to all ... applications for major changes to existing stations, and to applications for minor changes to existing stations that implement an approved change in an FM radio station’s community of license or create new or increased concentration of ownership among commonly owned, operated or controlled media properties.”³ However, none of these criteria apply to the instant application. It is not a major change application, it is not a minor change application implementing an approved community of license change (i.e., a rule making), and, because WKGR(FM) is already counted in the West Palm Beach-Boca Raton Arbitron Metro and is not modifying its facility so as to increase or create overlap to any co-owned stations, it is not increasing concentration of ownership. Thus, “paragraphs (a) through (c) of this section will not be applied so as to require divestiture.”⁴

However, even if the Commission interprets Section § 73.3555, n. 4 to require divestiture before a minor change application to change community of license is granted, that interpretation is not applicable to this application. Clear Channel has already informed the Commission that it intends to come into multiple ownership compliance in all of its markets prior to completion of its pending merger.⁵ As discussed above, WKGR(FM) is already part of the West Palm Beach-Boca Raton Arbitron and grant of this application will not increase the number of stations that Clear Channel owns in this Arbitron. Thus, as a result of this move, Clear Channel should not be required to divest any additional stations in the West Palm Beach-Boca Raton Arbitron Metro.

¹ See Attachment 1. The facilities proposed in this application for WKGR(FM) do not overlap any stations attributable to Clear Channel that are not geographically located in an Arbitron Metro. Thus, a contour overlap study is not required.
