Gentlemen:

On behalf of our client, Television Station WOLE-DT, applicant for a post-transition digital television station on Channel 12 in Aguadilla, Puerto Rico, in accordance with Section 73.1030 of the FCC Rules, we are hereby notifying you of the proposed facility. The particulars of the proposal are as follows:

Geographical coordinates of antenna location (NAD83): 18-08-52.9N / 66-58-58.6W
Antenna height (center of radiation): 68 m AGL; 968 m AMSL
Antenna directivity: 10.78 dBi (nominal)
Proposed channel: 12 (204-210 MHz) (FCC Section 73.603)
Type of emission: 6M00D7W
Effective isotropic radiated power: 12.0 kW (nominal in each polarization plane)

Please note that the proposed facility is for a digital television station on Channel 12 that will begin operation after the DTV transition date of February 17, 2009. The proposed facility will replace the analog operation of WOLE-TV, Channel 12, which currently operates with a nominal peak visual EIRP of 451 kW.

Should you find any adverse effect from this proposal, please communicate so via email (bobjr@dlr.com), telefax (941-329-6030) or regular mail, so appropriate action can be taken.

Very truly yours,

A handwritten signature in black ink, appearing to read "Louis R. duTreil, Jr." with a stylized flourish at the end.
