## EXHIBIT 11: Second Noncommercial Service

*Documentation for Form 340, Section III, Item 2*

---

Second noncommercial educational aural service will be provided to 198 people by the proposed station, an amount that is just 1.6% of the total population within the proposed station's 60 dBu (1 m/Vm) service contour and less than 2,000 people. This application therefore does not meet the minimum requirements for Fair Distribution of Service consideration for second service.

This population calculation is based on the following analysis;

1. Total population within the 60 dBu (1 m/Vm) service contour of the proposed facility:*	12,329
2. Population within the 60 dBu (1 m/Vm) service contour of the proposed facility receiving <i>first</i> service from the proposed station:*	(12,131)
3. Population within the 60 dBu (1 m/Vm) service contour of the proposed facility receiving <i>second or higher</i> service from existing noncommercial stations:*	(0)
4. The number of people within the radio station's 60 dBu (1 m/Vm) service contour who will receive second NCE aural service from the proposed facility:	<hr/> 198

See Exhibit 10 for the calculation of these populations.
