RE: FCC 3035 Application for renewal of broadcast station license BR 20130531 AVT

Dear Sirs,

In April 2011, I sold KTSN-AM to Northern Nevada Media, Inc. for \$ 170,000. They paid half of the amount up front and were to make monthly installments.

The following conditions were stated:

- A. Humboldt Broadcasting, LLC had to deliver clear title to the land that the broadcast tower was located on. This title was completed in November, 2011, and registered at the city offices.
- B. Approval had to be received by Union Pacific Railroad to cross their tracks to get to the tower. This was completed in December, 2011 contingent upon Northern Nevada Media obtaining and supplying proof of insurance, which they failed to do.

In the meantime, Northern Nevada Media applied to go silent on March 29, 2012 for six months, which was granted, In September 2012, Northern Nevada Media applied for a six month extension, which was dismissed January 23, 2013. Then once more they applied and received an extension to stay silent until October 1, 2013.

In all cases Northern Nevada Media cited necessary repair work and transmitter problems. The real reason is that the power company cut off their power for failure to make payments. There is nothing wrong with the transmitter that couldn't be fixed in two weeks or less.

I cite the following:

***"Willful false statements on this form are punishable by fine and/or imprisonment. (U.S. Code, Title 18, Section 1001), and/or revocation of any station license or construction permit (U.S. Code, Title 47, Section 312(a)(1), and/or forfeiture. (U.S. Code, Title 47, Section 503).***

Meanwhile, the legal battle continues, with us having spent over \$ 26,000 in expenses. We have done everything possible to complete the sale, but have received no cooperation or payments from Northern Nevada Media in two years.
