**TECHNICAL STATEMENT**

This Technical Statement and attached exhibits were prepared on behalf of Urban Radio Licenses, LLC ("URL"), licensee of station WMXV, Channel 268A, St. Joseph, Tennessee. URL herein proposes to make minor changes in the facilities of WMXV by relocating the facility and increasing the height of the center of radiation above ground, above mean sea level and height above average terrain and reducing the effective radiated power.

URL proposes to install the WMXV antenna on a new tower.<sup>1</sup> As such, the Federal Aviation Administration was apprised of this proposal and the tower will be registered with the Commission when the Determination of No Hazard is issued. All of the remaining exhibits used to certify the information on Form 301 have been forwarded to URL and are available for submission to the Commission upon request.
