Re: United Broadcasting Co., Inc.  
KTKK(AM), Sandy, Utah  
Facility Identification Number: 14890  
File Number: BP-20140623AAZ

Dear Mr. Perry:

This is in reference to the above-captioned application as amended on February 24, 2015, to change the community of license of station KTKK(AM) from Sandy, Utah, to Kearns, Utah.

A review of the amended application reveals the following deficiencies:

1. Three (3) towers are used in the array, but only two are registered (ASRN 1255585 and 1255586). The other tower must also be registered. If you cannot finish registering the towers within 30 days of this letter, it is necessary to file an update every six (6) months with explanations. Also, please include the NAD 83 center of the array coordinates in the tower registration records.
2. The length of the radial in the ground system exhibit was not readable.
3. The overall height of daytime tower #2 is shown as 66.5 meters while the nighttime tower #1 is shown as 68 meters. Since there is only one tower, please explain the discrepancy.

Further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide an opportunity for United Broadcasting Co., Inc. to file a curative amendment. The amendment must be submitted in the same manner as the original application. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen  
Supervisory Engineer  
Audio Division
