Re: Permission to file Power Increase for KFGG (KWRC), Channel 204, Corpus Christi, TX.

Dear Mr. Jenkins,

KVOA Communications, Inc. d.b.a. KRIS Communications consents to the proposed power increase from 5kW to 8.3kW for your station at Corpus Christi, Texas on Channel 204.

Please understand that it will be the responsibility of Educational Media Foundation to resolve any interference complaints, which might arise due to this increase. Remedies might include the installation of TVI filters, which, if necessary, will be installed at no expense to KRIS-TV or its viewers.

KRIS-TV reserves the right to require Educational Media Foundation to reduce power or cease operation in the event that interference issues cannot be resolved to the satisfaction of KRIS-TV, in its sole discretion.

Sincerely,

Stephen R. West
Chief Engineer
