

CONSENT TO CONTINGENT LICENSE APPLICATION

Geos Communications, the licensee of commercial FM broadcast station WXLE, Indian Lake, New York, Facility ID #183338, hereby gives its consent to the filing of a contingent application by The St. Lawrence University to modify the status of WXLE from commercial to noncommercial.

The St. Lawrence University is the proposed assignee of the FCC authorization for WXLE in an assignment application which is being contemporaneously submitted to the FCC. If and when granted, the modification application would become effective only if and when the assignment transaction proposed in the assignment application is consummated, and The St. Lawrence University becomes the licensee of WXLE.
