Mr. Tuera:

Our office reviewed the referenced project for possible impact to historic properties listed, or eligible for listing, in the National Register of Historic Places. The review was conducted in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended, 36 CFR Part 800: Protection of Historic Properties, and the National Environmental Policy Act of 1969, as amended.

We note that Prentice Thomas & Associates, Inc. conducted a cultural resource assessment survey of the above referenced project. Based on the results, it is the opinion of this office that the proposed project will have no direct effects and no visual effect on historic properties eligible for the National Register of Historic Places.
