Mr. Bickel,

Good morning.

On November 16, 2016, the FCC granted BSTA-20161103AAT for KQXI/Granite Falls WA to operate below its licensed ERP following the failure of its transmitter.

As requested in the STA, we are notifying the Commission that licensed operation was restored Tuesday, February 14, 2017.

If there are any questions, or if it is preferred that we use a different method or filing to notify the Commission, please let us know. Thank you.
