December 14, 2007

WGRK-FM
Greensburg, KY
Permit No. BPH-2007o118AAC

This certification is submitted pursuant to special operating conditions or restrictions required prior to the authorization of Program Test Authority for WGRK-FM, Greensburg, KY as part of its application to utilize a directional antenna system.

The PSI FM-2-DA (105.7) as described in the accompanying Directional Antenna System Proof-of-Performance has been mounted on an existing tower at an orientation of 161 degrees True North as required by the Construction Permit granted April 9, 2007.

I personally oversaw the installation and orientation of this antenna system.

J. Barry Williams
