

**EXHIBIT 24**  
**(Reasons for Proposed Request)**

Deportes y Musica Comunicaciones LLC ("Deportes"), the licensee of FM Radio Station KQMX, Lost Hills, California (FID No. 166070) (the "Station"), hereby respectfully requests Commission approval to continue to operate pursuant to a further six-month extension of special temporary authority ("STA") in order to have sufficient time to obtain additional local approvals necessary and to construct the Commission-approved modifications to the Station's facilities. *See* FCC File No. BPH-20111202AFF (the "Modification Permit").

Deportes initially requested temporary authority in order to return to air pending Commission action on the application for the Modification Permit. *See* FCC File No. BSTA-20120112ABI. In May 2012, and after discussions with the State of California through an environmental consultant, Deportes was able to submit additional environmental information relevant to the application for the Modification Permit. On June 18, 2012, the Commission granted an STA extension, and, then, on June 25, 2012, the Modification Permit. *See* FCC File Nos. BESTA-20120612AAB & BPH-20111202AFF. The STA was subsequently extended on January 22, 2013, and again on July 16, 2013. *See* FCC File Nos. BESTA-20121114ADS/20130513ADC.

Since grant of the Permit Application, including the current STA period, Deportes has engaged in extensive efforts to obtain required local approvals. Notably, it obtained an essential conditional-use permit from Kern County in August 2013, and shortly expects to file the applications necessary for local building permits. Deportes hopes these local filings to be granted no later than January 2014. Deportes also is coordinating its tower construction schedules with ERI, and currently expect crews to be on site shortly after the remaining permits are granted.

The current STA is to expire on January 12, 2014. Because Deportes is unlikely to be able to secure all necessary local approvals and to construct the specified facility prior to that date, Deportes hereby requests this additional STA extension to continue to operate at a variance from its licensed parameters. Because the proposed request will maintain existing service to the public pending local approvals, grant of the request is consistent with the public interest.
