

EXHIBIT 5

Multiple Ownership

Radio-television cross ownership rule. WSAH(TV) is licensed to Bridgeport, Connecticut. Bridgeport is in the New York, New York Designated Market Area (“DMA”) located approximately 45 miles northeast of New York City.

Arthur Liu and Yvonne Liu, principals of the licensee MTB Bridgeport-NY Licensee LLC, have attributable interests in six radio stations in the New York, New York radio Metro area.¹ The Lius obtained their interests in these stations prior to the Commission’s shift from the contour overlap definition of radio markets to the current Arbitron Metro definition. As shown in the contour map attached to this exhibit, the Grade A contour of WSAH(TV) does not encompass the communities of license of any of the radio stations, and the 2 mV/m contours of the radio stations do not encompass Bridgeport. Accordingly, pursuant to Section 73.3555(c)(1) of the Commission Rules (“Rules”), the radio-television cross ownership rule technically is not triggered.

Nevertheless, and although the Commission currently does not have a multiple ownership rule that addresses the contours of digital television and radio facilities, in recognition that the instant modification application proposes to relocate the transmit antenna of WSAH-DT directly within the boundaries of New York City, the applicant is submitting this exhibit to demonstrate compliance as though a rule based on digital station contours were currently in effect. Specifically, as set forth herein, prior to commencing operations on the modified facilities pursuant to this application, the Lius will either divest or return to the Commission for cancellation the license of WNYG(AM), Babylon, New York.²

Section 73.3555(c)(2)(i)(B) of the Rules provides that, in a market where at least 20 independently owned media voices will remain following the proposed transaction, to the extent permitted by Section 73.3555(a) of the Rules, an entity may hold attributable interests in one commercial television and seven commercial radio stations. As shown in Table 1 attached to this exhibit, 55 independently owned media voices will remain in the

¹ The Lius are principals of Multicultural Radio Broadcasting Licensee, LLC, which is the licensee of the following AM radio stations in the New York radio Metro area: WNSW(AM), Newark, NJ; WZRC(AM), New York, NY; WNYG(AM), Babylon, NY; WKDM(AM), New York, NY; WJDM(AM), Elizabeth, NJ; WWRU(AM), Jersey City, NJ; and WPAT(AM), Paterson, NJ. WWRU(AM) is an Expanded Band AM station that is associated with lower band AM station WJDM(AM). Pursuant to Note 9 to Section 73.3555 of the Commission’s rules, WWRU(AM) and WJDM(AM) together count as one station for multiple ownership purposes, giving the Lius attributable interests in six radio stations in the New York City Metro.

² The Lius’ intention to divest WNYG(AM) has previously been expressed in a pending application for change of that station’s community of license.

New York City market following the minor modification proposed herein. Therefore, prior to consideration of Section 73.3555(a), the Lius' interests in one television and six radio stations in the New York City market would comply with the gross television and radio station limits of Section 73.3555(c)(2)(i)(B).

Section 73.3555(a)(1)(i) of the rules provides that, in a radio market with 45 or more commercial radio stations, a party may hold attributable interests in up to eight commercial radio stations, not more than five of which are in the same service. As shown in Table 2, the New York City Metro has 45 or more commercial radio stations. Therefore, the Lius' interests in six commercial radio stations in the market would comply with the gross radio station cap in Section 73.3555(a)(1)(i). However, the Lius' current interests in six AM stations in the market exceed the same service subcap in Section 73.3555(a)(1)(i) by one station. Accordingly, to ensure compliance with the AM subcap, prior to commencing operations on the modified facilities pursuant to this application, the Lius will either divest or return to the Commission for cancellation the license of WNYG(AM), Babylon, New York.

Conclusion. In light of the size and diversity of the New York City market, the minor modification of WSAH-DT proposed herein will have no adverse effect on the diversity of media ownership whatsoever. To the contrary, since the Lius are Asian-Americans and the parent company of the licensee is minority controlled, the Commission in granting this application will materially *advance* the diversity of media ownership in the public interest by granting to a minority controlled entity a major market television station that is able to provide full service to the geographic and population core of the market in which it is located.
