

**Section II - Transferor**

**Question 8 - Adverse Findings**

Grupo Televisa, S.A., a minority shareholder in Univision Communications Inc. ("UCI"), has reported to UCI that in 1999, Fonovisa, Inc. ("Fonovisa"), its U.S. music recording subsidiary, pled guilty to a felony tax count stemming from falsely reported promotional expenditures and was fined \$700,000.00. According to press reports, Fonovisa had previously contacted the government to report improprieties within its radio promotion department. Two Fonovisa employees who have no involvement in UCI also entered pleas to related charges. This matter has previously been reported to and passed upon by the Commission in connection with its grant of the transfer of control of stations from USA Broadcasting, Inc. to UCI. See FCC File Nos.
