

## **EXHIBIT 4**

### **Request for Special Temporary Authorization**

NCE Station KICL(FM), Pleasantville, IA (Facility ID 175621)

Pursuant to Sections 73.1560(d) and 73.1635 of the FCC's Rules, Iowa State University of Science and Technology, licensee of noncommercial educational radio Station KICL(FM), Pleasantville, Iowa, respectfully requests Special Temporary Authorization ("STA") for a period of six (6) months for the station's current reduced power status.

Station KICL is now operating at approximately 50% of its authorized power level due to technical/equipment problems, namely weather-related damage sustained by the station's transmitting antenna. The licensee is currently reviewing the situation and considering the options for restoring the station's full power operation, including obtaining a replacement antenna. A grant of reduced power STA will therefore serve the public interest by allowing the licensee to maintain, without interruption, the station's current noncommercial educational radio operation and programming for its local community while it works towards restoring full power service. Station KICL is a noncommercial educational station and is therefore exempt from FCC fee requirements pursuant to Sections 1.1116 and 1.1162 of the Commission's Rules.
