EDUCATIONAL MISSION

LEGAL STANDING:

The Rising High Foundation is a 501(c)(3) public charity devoted to promoting charitable and **educational activities** within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provision of any subsequent federal tax law, by engaging in activities relating to combating poverty and unemployment in small towns across America by encouraging growth and development and improving the public welfare of the citizens thereof.

The Foundation was incorporated in 2008 and continues in good standing in the states of Delaware and South Carolina as a nonprofit, nonpolitical entity. It is governed by a three member Board of Directors and a ten member Advisory Board made up of a culturally diverse group of citizens residing in the rural environment of Bamberg, SC.

PURPOSE:

The Foundation will use the radio station to help inspire economic and cultural growth by employing hyper-local programming to address the problems of economic decline and high unemployment. The station will serve as the city's only real-time communication hub for local news, upcoming events, and other special activities or emergencies. A variety of educational segments and performances will be provided by local students, artists, and musicians to help accentuate the culturally diverse and unique talents of our citizens. And, by strategically locating the studio in the immediate downtown area, the station will be visible and easily accessible to the citizens of the community.
