Re: Amor Radio Group Corp. FM Broadcast Station  
Channel 251A in Santa Isabel, Puerto Rico

Dear Grafton Olivera:

Thank you very much for the notification on minor equipment changes of your FCC application sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that your installation is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Observatory. We therefore have no objection to your proposed installation.

Sincerely yours,

Reinaldo Vélez  
Spectrum Manager
