MEXICAN SPACING COMPLIANCE
WILLCOX, ARIZONA, CHANNEL 206C3
ST. PAUL CULTURAL BROADCASTING, INC
FCC FORM 340
OCTOBER 2007

This application does propose operation within 320 kilometers of the U.S.
Mexican border.

The application meets all of the negotiated spacing separations towards any
pertinent Mexican allotments or stations, for a class B1 in this case, or the spacing
requirement under 73.207(b)(3) and table C under this same section. See Exhibit E-1,
Figure 2 for the required spacing study.
