Hossein Hashemzadeh

LARCAN USA, Inc. currently has an order for Orr Area Minneonto II for Digital TV Translators which will cover new displacement Construction Permits for their out-of-core channels. At this time based on back log and product availability we will not be able to deliver this equipment until March of 2012. We are working hard to better this time frame to deliver equipment to our customers.

Paul Phillips

A handwritten signature in black ink, appearing to read "Paul Phillips", written over a horizontal line.
