In re: WHNN(FM), Bay City, MI
Facility I.D. No.: 37458
Radio License Holding CBC, LLC
BLH-19920211KB

Dear Licensee:

In accordance with procedures adopted by the Commission, this letter constitutes notification to Radio License Holding CBC, LLC ("Radio License Holding") of the filing of an application (BNPH-20120525ADL) by Good News Media, Inc. ("Good News Media") for a new FM station at Fife Lake, MI. Good News Media's application proposes that WHNN's license and allotment be modified to specify Class C0 in lieu of Class C pursuant to Note 4 of 47 C.F.R. § 73.3573.¹

The staff has tentatively concluded that the Good News Media application meets the requirements of § 73.3573, NOTE 4 and is otherwise acceptable for filing.² Accordingly, IT IS ORDERED, that pursuant to Section 316(a) of the Communications Act of 1934, as amended, 47 U.S.C. § 316(a), and pursuant to Section 1.87 of the Commission's Rules, Radio License Holding, licensee of Station WHNN, SHALL SHOW CAUSE why its

¹ See 1998 Biennial Regulatory Review—Streamlining of Radio Technical Rules in Parts 73 and 74 of the Commission's Rules, Second Report and Order in MM Docket No. 98-93, FCC 00-368 15 FCC Rcd 21649 (2000).

² In order to be considered in compliance with NOTE 4, the triggering application must: 1) be short-spaced to the Class C station, but be fully spaced if it were a Class C0; 2) include a certification that no alternative channel is available at the proposed location without any other changes to the table of allotments; and 3) be served on the licensee of the affected Class C station. The triggering application may utilize § 73.215, as is the case here.

license SHOULD NOT BE MODIFIED to specify Channel 241C0 in lieu of Channel 241C. Radio License Holding may, not later than 30 days from the date of this letter, file a written statement to express its intention to seek authority to modify Station WHNN's technical facilities to attain minimum Class C HAAT; or, alternatively, as provided for by NOTE 4 cited above, otherwise challenge the triggering application. If Radio License Holding chooses to seek authority to modify WHNN's facilities, an acceptable application for a construction permit to increase the antenna height to at least 451 meters HAAT must be on file with the Commission 180 days subsequent to the show cause response due date. Failure to file a construction permit application within this time period will result in the automatic downgrade of WHNN's licensed facilities.³ Furthermore, Radio License Holding must serve Good News Media with copies of any FAA submissions related to its efforts to modify the WHNN facility.

Further action on the subject application will be withheld for thirty days from the date of this letter to provide an opportunity to reply. Failure to respond to this letter will result in the automatic downgrade of WHNN's license pursuant to Note 4 of § 73.3573. Please note that responses must be submitted to the Secretary of the Commission in triplicate and must be served on all parties.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
Audio Division
Media Bureau

Jeff Southmayd

³ Failure to build pursuant to the subsequently authorized construction permit will also result in the automatic downgrade of WHNN's licensed facilities.
