

EXHIBIT 10 - FILL-IN TRANSLATOR RELATIONSHIP TO PRIMARY STATION

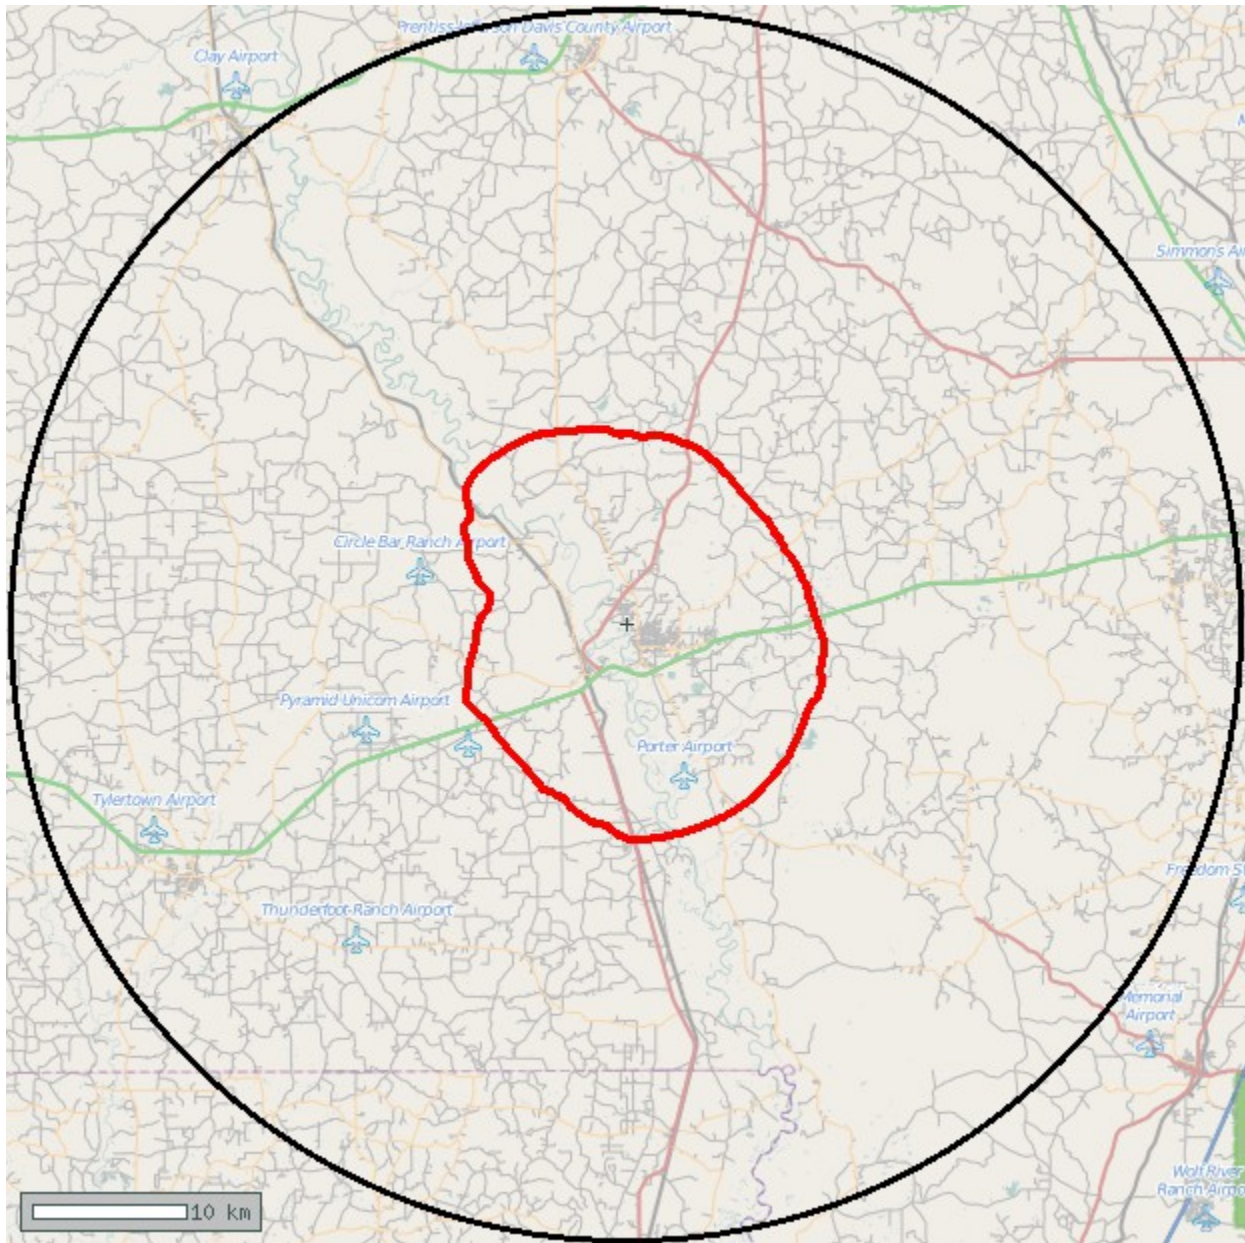

Figure 1: The map above depicts the F(50,50) 60 dBu contour of the proposed fill-in translator (red contour) and a circle with a radius of 25 miles extending from the WFFF 1360 AM (primary station, Facility ID 25816, black contour) tower site. As shown above, there is no point at which the translator's F(50,50) 60 dBu service contour extends the WFFF contour beyond 25 miles.
