

#####  
GABRIEL 3.0  
#####

This program retrieves the elevation at a given set of  
latitude and longitude coordinates (supplied in NAD 83).  
Data returned is from the NED 1/3 second DEM at site  
<http://seamless.usgs.gov/website/seamless/getElevation.htm>  
<http://seamless.usgs.gov/website/seamless/viewer.htm>  
at U.S. Geological Survey, EROS Data Center, Sioux Falls, SD.

Coordinates received: 34.417595, -119.684160  
                          34 25 3.3                  119 41 3.0

Elevation in feet:    18.6  
Elevation in meters:   5.7
