

Exhibit 28
73.215 Contour Protection Statement

The site proposed by Radio Station KNRG(FM), (Facility ID 15113) is slightly short-spaced to Radio Station KRTS(FM), Seabrook, Texas, (Facility ID 35565) and to the licensed facilities of Radio Station KMBV(FM), Navasota, Texas, (Facility ID 40913). The applicant is specifically requesting that this application be processed under the provisions of Section 73.215 of the Commission's Rules.

The attached contour map shows that the proposed facility fully protects Radio Station KRTS(FM) in accordance with the provisions of Section 73.215 of the Commission's Rules. The proposed facility is slightly short-spaced to the presently licensed facilities of Radio Station KMBV(FM), Navasota, Texas, however, that facility has an outstanding Construction Permit, FCC File No. BPH-19970210IB and this proposal is fully spaced to that proposed facility. It is requested that this application be placed in a queue to be granted upon construction and licensing of the KMBV(FM) Construction Permit site.

Verification

The statements contained in this exhibit are true and correct to the best of this affiants belief. My qualifications are a matter of record with the Commission.

Dated June 28, 2004.

Respectfully,

A handwritten signature in black ink, appearing to read "F. W. Hannel", written over a horizontal line.
