Dear Mr. Pappas:

You have advised that you intend to submit to the FCC an application to modify the construction permit for KTNC-DT, Concord, California, to be located on the American Tower facility on the South Peak of Mt. Diablo (the "South Peak"), and that this proposal would not fully protect the DTV allotment facility for KFTL-DT.

In light of the pendency of an application to modify the construction permit of KFTL-DT, we consent to your submission of an application for modification of the KTNC-DT construction permit to propose a site located on the South Peak, and waive protection of our DTV facilities as allotted on the North Peak of Mt. Diablo from your proposed site on the South Peak.

I understand that you may need to submit this letter to the FCC with your application.

Sincerely,
Family Stations, Inc.
