---

[1] A FCC Form 315 application is pending to transfer control of BLC's ultimate parent company, Stations Holdings Company, Inc., Debtor-In-Possession ("SHC"), to Gray Communications Systems, Inc. ("Gray"). (BTCCT-20020610AAV et al.) Pursuant to that transaction, Gray will acquire 15 of BLC's 26 stations. As noted in Exhibit 4, pursuant to the instant Form 314 and seven companion applications, subsidiaries of Chelsey Broadcasting Company, LLC (Assignee's parent), will acquire the 11 BLC stations not being acquired by Gray. The transfer of control of BLC to Gray will occur following the FCC's grant and the parties' consummation of the assignment of licenses of the 11 stations to the Chelsey subsidiaries.
