**Re: Sangre de Cristo Broadcasting Co., Inc. – Request for Reissue of License  
(Facility ID No. 58915)**

Mr. Szczesny:

Sangre de Cristo Broadcasting Co., Inc. (“Licensee”), licensee of KNMX (AM), 540 kHz (Facility ID No. 58915), Law Vegas, NM, by its undersigned attorneys, submits this letter and its attachments to request the reissue of its license BL-19801010AF.

The license was granted in 1999 before electronic filing in CDBS became available, and the license currently on file in CDBS is invalid for operational purposes as it incorrectly represents some information, including the nighttime parameters for its antenna system, and omits other information, such as the tower registration numbers for two towers. The station has a nighttime antenna system licensed at 0.02 kW that uses the daytime pattern with reduced power and a reduced theoretical RMS value. The missing antenna structure registration numbers for the station’s two towers are 1045644 and 1045645. Licensee requests that the license be reissued electronically to include all missing information and correct all incorrect information. Attached to this letter is a copy of the original license, along with forms 301 and 302-AM with technical sections completed. If any additional information is needed, please contact the undersigned attorney.

Licensee hereby certifies that the statements here are true, complete, and correct to the best of its knowledge and belief, and are made in good faith.

Respectfully submitted,

/s/ Francisco R. Montero
