KTCU Engineer Statement

Pursuant to section 73.1690, subpart (C), subpart (2), subpart (v), the ERI LP-3E-DA antenna was installed on the KTCU tower to manufacturers specifications and that the antenna orientation was determined by a licensed surveyor.

I have been employed as a broadcast engineer for over 25 years, the last 21 years as either assistant chief or chief engineer for the ABC Broadcast Group Dallas which includes three FM and two AM stations. I have a BA degree, an associate degree in communication technology and SBE certification in 1981. I have held a first class radiotelephone license since 1978. Current General Class License #: PG1817009.

A handwritten signature in black ink, appearing to read "Roger J. Helling". The signature is fluid and cursive, with a large initial "R" and "H".
