Re: Townsquare License, LLC (Townsquare)
KBOB(AM), Davenport, Iowa
Facility Identification Number: 13662
Special Temporary Authority (STA)
BESTA-20221026AAD

Dear Mr. Stabbert:

This is in reference to the request filed on October 26, 2022. Townsquare requests a further extension of the STA granted on May 4, 2022, to continue operating day and night using the licensed nighttime pattern due to problems with the antenna switching equipment.¹ In support of the request, Townsquare states that additional time will be needed to complete all remaining repairs in order to resume licensed operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Townsquare may continue to operate day and night using the licensed 1 kW nighttime pattern. Townsquare must reduce power during the daytime hours or cease daytime operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. Townsquare must submit a brief e-mail to my attention shortly after all repairs

¹ KBOB(AM) is licensed for DA operation on 1170 kHz with 1 kW day and night, using different patterns.

have been completed to certify the date the station resumed licensed operations (per BZ-20011115ADV) with negligible changes.

This authority expires on **April 27, 2023**.

Sincerely,

Joseph Szczesny, Engineer
