3301 Broad St.  
Richmond, VA 23230

---

Calvary Chapel of Twin Falls, Inc.  
241 Main Ave. W.  
Twin Falls, ID 83301

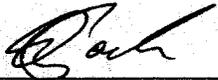

Dear Sirs:

WTVR-TV, Channel 6 agrees to allow the operation on a FM Translator with the following parameters:

Description of Site:	Hudgins Rd, Fredericksburg, VA
FM Channel:	217 (91.3MHz)
ERP:	19 Watts
TX Antenna:	Scala-GPFM (Vertical-Omni)
Geographic Coordinates:	N. Lat 38-16-21 W. Long 77-29-46
RCAMSL	133 meters

WTVR-TV agrees that Calvary Chapel of Twin Falls, Inc. has the sole responsibility to resolve any interference complaints directly related to the operation of the proposed translator, including (but not limited to) purchase of filters, directional antennas and other hardware at the translator's transmit and/or interfered with site, to eliminate the interference. It is also understood that in the event that an interference complaint could not be resolved under normal engineering practice and normal methods while the proposed translator is operating, the translator will be removed from the air until a solution is found to correct the interference. Also, it is understood that the FM Translator is a secondary service and, as such, has the right to exist only in the presence of no interference.

I agree to the above terms for the application and operation of the proposed non-commercial FM translator.

WTVR-TV Representative
