

**EXHIBIT 16**  
**Compliance with Foreign Ownership Limits**

Backyard Broadcasting Holdings, LLC (“BB Holdings”) has three Class A members: Barry Drake, Backyard Broadcasting Management, LLC (“BB Management”) and Boston Ventures Limited Partnership VI (“BVLP”). BB Holdings also has one Class C member, PCG Media Investment Partners, LLC (“PCG”), that currently is “insulated” within meaning of the Commission’s attribution rules and policies. The Commission previously approved the ownership structure of BB Holdings with respect to the Commission’s foreign ownership limitations as part of the application for Commission consent to assign radio broadcast stations WTYX(FM), Jackson, Mississippi, and WRXW(FM), Pearl, Mississippi, to BB Holdings’ wholly owned subsidiary, Backyard Broadcasting Mississippi, LLC (FCC File Nos. BALH-20020412AAN and BALH-20020412AAO). (The Commission’s approval occurred before the acquisition of an insulated interest by PCG.) As described in Exhibit 2, the only change to the current ownership structure of BB Holdings contemplated through this application is the conversion of PCG’s interest to one that is not “insulated” and the appointment of an additional member to the BB Holdings Board of Representatives, which member shall be appointed by PCG. PCG has no present foreign ownership or control. The limited liability company agreement for BB Holdings includes provisions for the members to cooperate to ensure that any subsequent changes in the members do not cause BB Holdings to exceed the applicable foreign ownership ceiling.
