

## **WMGM-DT**

### **Extension of Existing Engineering STA Exhibit 36 Explanation of Extraordinary Circumstances**

**Access.1 New Jersey License Company LLC (“Access.1”), licensee of WMGM-TV, and permittee of WMGM-DT, hereby requests a further extension of its STA, File No. BEDSTA-20040917AJQ. Attached hereto as Attachment 36 is a copy of the most recent request for extension of STA filed by Access.1, which request was granted by the Commission on October 13, 2004. The circumstances described in the previous STA requests continue to exist, which is that WMGM-DT is operating at reduced power. The public interest considerations recognized previously by the Commission justifying grant of the requested STA, therefore, justify grant of the instant STA extension request.**

**On September 6, 2005, Access.1 submitted a Form 301 application for minor modification of the WMGM-DT facilities, File No. BMPCDT-20050906ACO.**
