- Notes:
- 1 - Creative is aware of this application and will change frequencies at such time as is necessary to protect the full service facility should it be granted.
 - 2 - The proposed 100 dBu overlaps the K206CA over an area of 0.39 square kilometers. There is no population in the overlap area using 2000 census data counted at the block level.
 - 3 - The proposed site exceeds the 135 km spacing requirement to KOTV.
