Re: KEYU-DT  
BLSTA-20120921AAI  
Borger, TX  
Fac Id: 83715

Gentlemen:

This refers to your attorney's letter dated September 21, 2012 requesting special temporary authority to remain silent. You indicate that as a result of a transmission line burn out, KEYU-DT has been forced to suspend on-air operation. You request authority to remain silent while the engineers are making progress to have the necessary repairs made to the station in order to return it to full power operation.

In light of the above, special temporary authority to remain dark pursuant to Sections 73.1740 of the Commission's Rules until March 25, 2013 IS GRANTED.

During this period of discontinued operation, you are directed to pay strict attention to Section 73.1740 (a) (4). That is, you must continue to adhere to the requirements in your station license pertaining to the lighting of antenna structures.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in black ink, reading "Kevin R. Harding", is written over the typed name.

Kevin R. Harding
