

Sirs,

After careful review of the antenna test data supplied by Shively Labs, and inspection of the installation, I certify that the antenna for WCNH has been installed in accordance with the requirements of the CP. The transmitting equipment is operational within the allowed limits of the CP and Part 73 of the FCC regulations;

TPO 68W, Line Loss .6Db, Antenna Input Power 60W. Harmonics -85Db>.

Respectfully,

Steve Donnell  
(PG-1-18988).
