Facility Id Number: 50053
File Number: BP-20090220ADF

Dear Mr. Lipp:

This is in reference to the above-captioned application to increase the daytime power of radio station WNAM(AM), Neenah-Menasha, Wisconsin.

A preliminary engineering study of the application reveals that the proposed 0.5 mV/m and 0.25 mV/m contours would respectively overlap the 0.25 mV/m and the 0.5 mV/m contours of the 50 kilowatt construction permit (BP-20060714AAU) of first-adjacent channel station WMKT(AM), Charlevoix, Michigan, in violation of 47C.F.R. §73.37(a).

Accordingly, further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide an opportunity to file a curative amendment. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen
