Experimental Synchronous Operation

Dear Mr. Imlay:

This is in reference to the February 4, 2008, application to modify the license (FCC Form 302) for experimental synchronous station KM2XVL(AM), Huntsville, Texas, by correcting site coordinates.

A preliminary review of the application reveals that the site coordinates were changed by more than 3 seconds in latitude. Pursuant to Section 73.1690 of the Commission's rules, any change in site coordinates of more than 3 seconds must be done with a construction permit application (FCC Form 301).

Accordingly, pursuant to Section 0.237 of the Commission's rule, the application BLEX-2008020404AEM is hereby DISMISSED as failure to prosecute.

Sincerely,

Son Nguyen
