Interference Complaint

Dear Licensee:

This refers to the interference complaint filed by Greencastle-Antrim Education Foundation on June 6, 2017 (Complaint). The Complaint alleges that W229CM is interfering with the reception of WRGG-LP, Greencastle, Pennsylvania.

Pursuant to 47 CFR § 74.1203, W229CM is required to eliminate any actual interference it causes. Therefore, it is necessary for W229CM to submit a detailed report on each complaint even if the complainant might have been addressed in a previous proceeding. For each complaint, the report must include: (1) the name and address of the complainant; (2) specific devices receiving the interference (i.e. type of device, manufacturer's name, model number, and serial number); and (3) any assistance provided by W229CM for each device allegedly receiving the interference and whether such interference persists. Each of the complaints must be addressed individually.

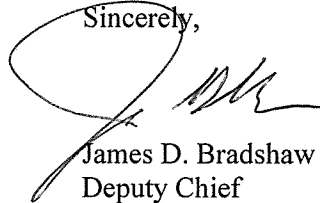

The Commission's Rules state that an FM translator station will not be permitted to continue to operate if it causes any actual radio signal interference to the direct reception by the public of the off-the-air signals of any authorized broadcast station.¹ Actual interference is based on listener complaints indicating that the signal they regularly receive is being impaired by the signal radiated by the FM translator station. Section 74.1203(b)² states that if the interference cannot be properly eliminated by the application of suitable techniques, the operation of the offending FM translator station shall be suspended and shall not be resumed until the interference has been eliminated.

¹ 47 CFR § 74.1203(a)(3).

² 47 CFR § 74.1203(b).

Within thirty days of this letter, W229CM must take appropriate actions required by the provisions of 47 CFR § 74.1203 to resolve all complaints of interference to fulfill its obligations. Further action on this complaint will be withheld for a period of thirty days from the date of this letter to provide W229CM an opportunity to respond. Failure to correct all complaints within this time may require W229CM to suspend operation pursuant to 47 CFR § 74.1203.³

Sincerely,

James D. Bradshaw
