

Results Radio of Sonoma Licensee, LLC

EXHIBIT 10 FCC Form 316 Section III, Paragraph 5

This application seeks FCC consent to the *pro forma* assignment of license of FM radio station KSRT, Cloverdale, California, from Assignor Results Radio of the North State, LLC ("Results North State") to Assignee Results Radio of Sonoma Licensee, LLC ("Results Sonoma Licensee LLC"), a Delaware limited liability company under common ownership and control with Assignor and without any substantial change in the ownership interests.

On November 29, Results North State notified the FCC that it had consummated the acquisition of KSRT from Point Broadcasting effective November 24, 2004 (BALH-20040816ABV). The ownership of Results North State is the same as the ownership of Results Radio, LLC (*see* Annex B). Results Radio, LLC, through subsidiaries, owns and operates various FM radio stations in northern California. Among its other interests, as shown in the Annex A "Before" diagram, Results Radio, LLC is the controlling general partner (and holder of 99.51% of the equity) of Results Radio of Sonoma LP ("Results Sonoma LP"), Assignee's parent and the licensee of FM radio stations KRPQ, Rohnert Park, and KMHX, Windsor, California.¹

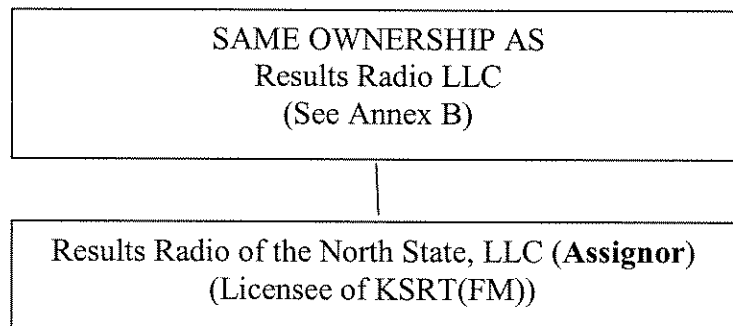

¹ The subject of the instant application, KSRT (Cloverdale) operates in the same radio market as KRPQ (Rohnert Park) and KMHX (Windsor).

As a part of a broader *pro forma* corporate reorganization involving the interests of Results Radio, LLC and its owners, a separate Form 316 is being contemporaneously filed for consent to assign the licenses of KRPQ and KMHX from Results Sonoma LP to its newly-formed subsidiary Results Sonoma Licensee LLC – a Delaware limited liability company which, as noted above, is wholly-owned by Results Sonoma LP. *See* Annex A “Before” diagram. As part of the reorganization, the license of KSRT, which station operates in the same radio market as KRPQ and KMHX, will be assigned (subject to prior FCC consent sought by this application) to Assignee Results Sonoma Licensee LLC. Thus, as shown in Annex A, following the closing, the owners of Result Radio, LLC (which are the same as the owners of Assignor Results North State) will own KSRT indirectly through Results Sonoma LP and its new licensee subsidiary Results Sonoma Licensee LLC rather than, as now, directly through Results North State.² *See* Annex A “After” diagram.

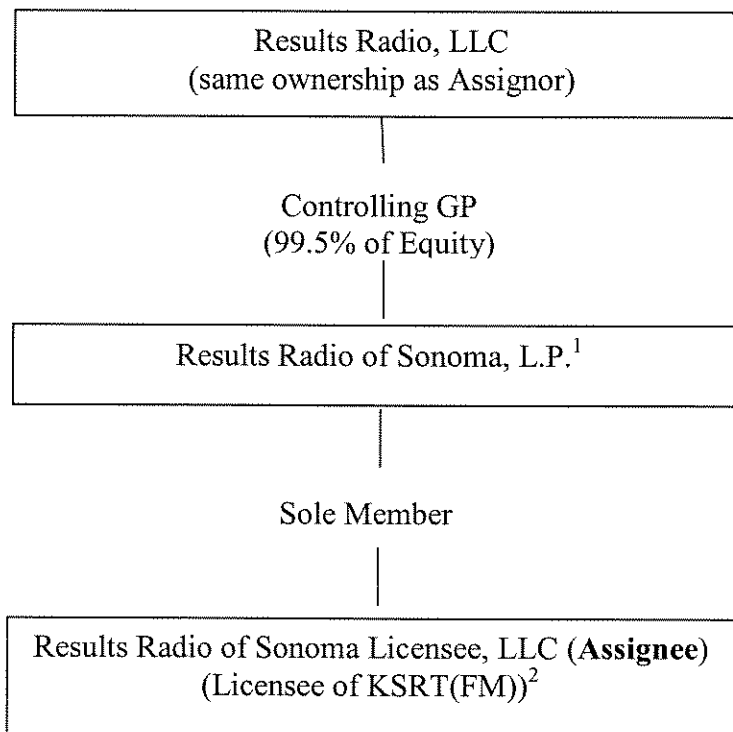

Because the transaction involves the *pro forma* assignment of license from one entity to another entity owned and controlled by the owners of the Assignor and without substantial change in their ownership interests, the transaction is properly the subject of FCC Form 316. *See* Section 73.3540(f)(5).

² At the closing, Results North State will be merged with and into Results Sonoma LP (with Results Sonoma LP being the surviving entity), and, contemporaneously, the license of KSRT will be assigned to Results Sonoma LP’s new licensee subsidiary Results Sonoma Licensee LLC.

BEFORE

AFTER

¹ Assignee would merge with and into Results Radio of Sonoma, LP. and the KSRT(FM) license would be assigned to its subsidiary Results Radio of Sonoma Licensee, LLC.

² A companion Form 316 application seeks FCC consent to assign the licenses of KRPQ(FM) and KMHX(FM) from Results Radio of Sonoma, L.P. to its subsidiary Results Radio of Sonoma Licensee, LLC.
