Re: KCLP-CA, Boise, Idaho
File No. BLTTA-20020703AAE
Facility ID No. 27621

Dear Licensees:

This is with respect to the application filed by Alpha & Omega Communications, LLC ("Alpha"), the licensee of KCLP-CA, Boise, Idaho, requesting review of the March 8, 2007 letter decision affirming an earlier decision rescinding KCLP-CA's Class A television status on channel 38. Commission records show, however, that the Commission granted Alpha's displacement application for channel 18 at Boise in 2004,¹ and that facility has since been constructed and licensed as a Class A television station.² Accordingly, Alpha's application for review IS DISMISSED AS MOOT.

Sincerely,

Hossein Hashemzadeh
Associate Chief, Video Division
Media Bureau

¹ FCC File No. BPTTA-20040112ACP, granted May 28, 2004. KCLP-CA was subject to displacement on channel 39 because the Commission had substituted channel 39 for channel 14 at Boise. *See* Technical Exhibit, Displacement Relief Application at 1.
