RE: K215BE Estes Park, Colorado.

Dear Mr. Michael,

Syncom Media Group, Inc., licensee of KXDP-LP, Channel 6, Denver, Colorado, facility ID 67552, hereby states that it has no objections to the construction and operation of an FM translator, K215BE at Estes Park, CO, facility ID 68216 operated by Cedar Cove Broadcasting, Inc. ("CCB"), on 88.3 mhz (ch. 202) as proposed with 110 watts ERP.

By signing this letter below, CCB agrees that, if interference to Channel 6 should arise as a result of the proposed FM translator, CCB will immediately cease operation of the translator until a solution to the interference can be found.

CCB will also supply TVI filters at no cost to listeners whose reception of the Channel 6 signal may be adversely affected by the proposed FM translator.

Sincerely,

J. Christopher Blair
President
