

Compliance with Canadian Spacing Requirements

The facility contemplated herein is located within 320 kilometers of the border between the United States and Canada. Internationally, the proposed facility is considered to be class "B". Under the terms of the Working Arrangement for the Allotment and Assignment of FM Broadcasting Channels Under the Agreement Between the Government of Canada and the Government of the United States of America Relating to the FM Broadcasting Service, as amended in 1997 ("Agreement"), Class B facilities must be separated from class A facilities, which are co-channel, by 210 km.

The Canadian stations or allocations within 320 kilometers of the proposed operation are as follows:

Type	Ch/Class	City	Distance between sites	Distance Req'd by Agreement
Allocation	264A	Carman, MB	276.21 km	210 km
Reserve	264A	Ste Anne, MB	281.22 km	210 km

As can be seen in the above table, the proposed facility exceeds the minimum distances required.

Therefore, the proposed facility fully complies with the requirements of 47 C.F.R. 73.207(b)(2) of the Commission's Rules.
