Venice
Venice Gardens
South Venice
North Port
Blue star indicates the facility's proposed location
12-radial HAAT is 35.6 m / 60 dBu contour distance is 6.95 km
Red points and buffers represent cochannel points and their protected buffers
Orange points and buffers represent first adjacent points and their protected buffers
Green points and buffers represent second adjacent points and their protected buffers
For each set of points, three protection buffers are shown (as per 73.807)
The buffer this proposal is subject to based on its contour distance is the heavy buffer
