

April 28, 2014

Attn: Federal Communications Commission

This letter is intended to be a notice of the acceptance of any interference created to the operation of W33DU-D Panama City, FL (facility ID: 188832) by the grant of an application for new construction permit filed by DTV America 1, BNPDTL 20090825BAT. Should any interference occur when operation of both stations commences the two parties will work together to create a solution where both stations can exist.

The new station proposes an operation located in Columbus, GA at 32-31-52N 85-01-37W with a directional antenna operating at 10kW ERP.

A handwritten signature in black ink, appearing to read 'John Kyle II', with a large, stylized flourish extending to the right.

John Kyle II
