In re: K246BE, Williamsburg, IA
BPFT-20110309ABM
Facility ID # 152290

Dear Applicant:

This refers to: (1) the above-captioned application for K246BE, Williamsburg, Iowa.

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to an "authorized" granted construction permit for a new FM station for North English, Iowa (BNPH-20070430AAC). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 54 dBu interference contour overlaps with the 60 dBu protected contour of the proposed new FM station.

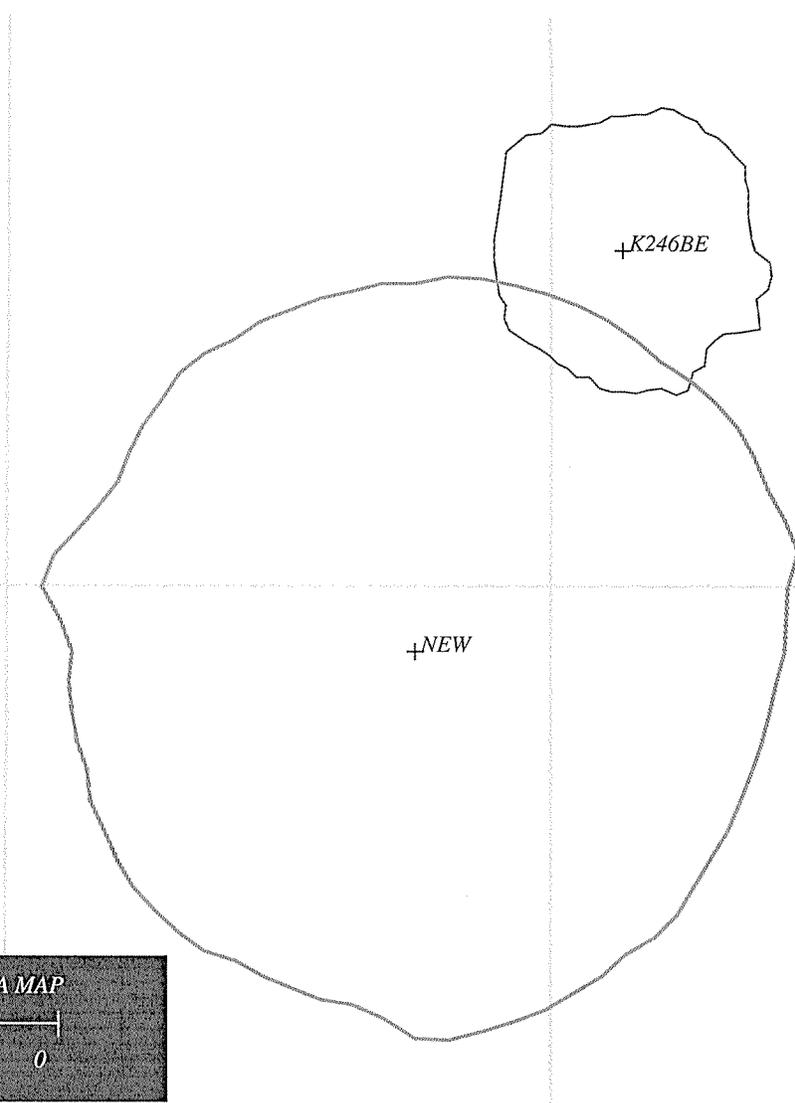

In light of the above, the application BPFT-20110309ABM filed by Extreme Grace Media, Inc. is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau

CC: Jeremy Ruck
