CLARKSVILLE, ARKANSAS
March 2011

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of John L. Richardson ("JLR"), permittee of low power television station K04RA-D, Channel 4, Clarksville, Arkansas. JLR holds an outstanding permit for K04RA-D (BNPDVL-20090825BFL) which authorizes the construction of a new LPTV station on Channel 4. This instant application seeks a license to cover the outstanding permit for K04RA-D. Attached as Exhibit A is a calculation of the transmitter output power for the K04RA-D transmitter.

There is one special operating condition/restriction on the K04RA-D construction permit. The condition states that low power television is a secondary service, and that low power television and television translator stations must not cause interference to the reception of existing or future full service television stations on either allotted NTSC or DTV channels, and must accept interference from such stations. JLR acknowledges this condition. Based on the foregoing, it is believed K04RA-D is operating pursuant to the Commission's rules.
