In re: Low Power Television Application of:  
Venture Technologies Group, LLC.  
Channel 41, Port Jervis, NY.  
File no.: BMPDTL-20090630AHF  
Facility Id No.:167314

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that you are proposing to increase the tower height by 3.7 meters which will require re-registration with the FAA.

Your proposed construction permit as referenced above indicates the proposed tower height above ground level as 86.9 meters and the ASR Registration Search Results based on the ASRN # on the proposed construction permit of 1032928 is as follows:

| Specified Search                        |                     |             |             |                       |                             |                      |                                   |
|---|---------------------|-------------|-------------|-----------------------|-----------------------------|----------------------|-----------------------------------|
| Registration Number like <b>1032928</b> |                     |             |             |                       |                             |                      |                                   |
|   | Registration Number | Status      | File Number | Owner Name            | Latitude/Longitude          | Structure City/State | Overall Height Above Ground (AGL) |
| 1                                       | 1032928             | Constructed | A0647099    | American Towers, Inc. | 41-00-35.5N<br>074-35-37.3W | SPARTA, NJ           | 83.2                              |

You are hereby given the opportunity to file a minor amendment to resolve the specified tower height issue within (30) days from the date of this letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Sincerely
