Dear Applicant:

This is in regard to the above- referenced application, seeking to extend the above digital construction permit. Our records indicate that the digital construction permit expired on 06/02/2014. Because neither an application for license to cover nor application for extension of construction permit was filed on or before the expiration date, the construction permit expired, was forfeited, and cannot be extended. *See* 47 C.F.R. § 74.788(a) and (e). Therefore, your applications for extension of digital construction permit is DISMISSED.

Sincerely,

Hossein Hashemzadeh
Deputy Chief, Video Division
Media Bureau
