Re: Letter of No Objection to Modification of Construction Permit No.
BDISDTL-20090303AAR

Dear Mr. Hashemzadeh,

This is to inform the Commission that Bruno Goodworth Network, Inc., Licensee of WMVH-CA, Charleroi, PA is aware of the potential for new interference from the above referenced channel 26 digital modification of W61CC to increase the ERP of its digital channel 26 to 15 kW by modification of BDISDTL-20090303AAR. Notwithstanding any interference caused to our existing stations by this proposal, we are not opposed to a grant of the above referenced modification request.

This no-objection letter is granted based on the fact that we are moving WMVH-CA from channel 26 analog to channel 40 digital and we are no longer concerned about interference to analog channel 26.

Very truly yours,

Debra Goodworth, Corporate Secretary
Bruno Goodworth Network, Inc.
Licensee WMVH-CA
